Dear Teacher/Group Chaperone,

We are delighted that you have chosen Callaway Gardens for your group's field trip. Thank you for agreeing to chaperone this outing!

In order to ensure that everyone has an enjoyable learning experience, we request that chaperones assist the school leaders in keeping the group well-behaved and orderly. Below are a few guidelines:

- Please follow the designated schedule:

The program schedule has been specifically designed for your group. Please do not deviate from the assigned itinerary, as this may result in failure to participate in some programs or visit some facilities. **Travel time from Main Gate to any of facilities is approximately 20 minutes. If you are going to be late for a Guided Program, please call the 706-663-2281 and ask the operator to transfer you to the Information Desk at the Callaway Discovery Center.**

- Birds of Prey Show Etiquette:

It is imperative that your group arrive on time for this program. Late arrivals pose a safety risk to guests and trainers. Participants should remain seated and be as still as possible for the duration of the program. Pointing and waving arms disrupts the bird's flight pattern and may interrupt the continuation of the show. Failure to comply may cause your group to forfeit this, and future, educational experiences at Callaway Gardens.

- Other Expectations:

- Please assist in keeping your group on designated walkways.
- When the group enters a gift shop, please monitor the numbers so that no more than 10 students (along with a chaperone) are in a gift shop at any one time. No running or horseplay in gift shops, please.

We appreciate your interest in Callaway Gardens and trust that your group will have an enjoyable education experience.

Sincerely,

A handwritten signature in black ink that reads "Patricia Collins".
