Cecil B. Day Butterfly Center 30th Anniversary Programming

2018 marks the 30th anniversary of the Day Butterfly Center, and we're celebrating with special programming and events all year long! December highlights:

Butterfly of the Month: Scarlet Mormon (*Papilio rumanzovia*)

Did You Know? The scarlet mormon is sexually dimorphic which means the males and females look different from one another. The females are also polymorphic which means there is variation in the way the females look. Males patrol and defend their habitat from invading males while they look for their female mates.

Butterfly Keeper for a Day: Tickets required. Check online for available dates. Work with the butterflies alongside our experts and help us keep our butterflies happy and healthy with this hand-on, behind-the-scenes experience.

Butterflies 101: Mon. through Fri., 2 p.m. Become a butterfly expert with this in-depth look at the fascinating details of these incredible creatures.

"On Wings of Wonder" Butterfly Film: Daily, 9 a.m. until 5 p.m., on loop at Day Butterfly Center. Made specifically for the Center in partnership with the Moody Institute of Science, this film depicts the lifecycle of a butterfly.
